IMPROVING THE PHYSICAL ENVIRONMENT

Accessibility plan to improve the physical environment of the school.

Target	Action	Lead Responsibility & Key Personnel	Resources & Costing	Performance Indicators/Exit Criteria	Monitor & Review	Evaluation
Short term Alter the setting for pupils experiencing sensory processing difficulties.	Complete "Sensory Audit for Schools and Classrooms" to help assess and create an environment that encourages the participation of pupils on the autism spectrum.	SENCo	SENCo time	Children with sensory processing difficulties will be less anxious and will be able to tolerate the school and classroom setting better.	HT and governors	
Medium term	Pathways into and around the school are suitable for a wheelchair user and well maintained and free of hazards. Edges of pathway are marked and painted.	School office report to DCC where needed	To be costed	School is accessible to all pupils	HT/SLT/Governors
