

Etwall Primary School

Mission, Vision and Values

To provide an educational
experience of the highest quality

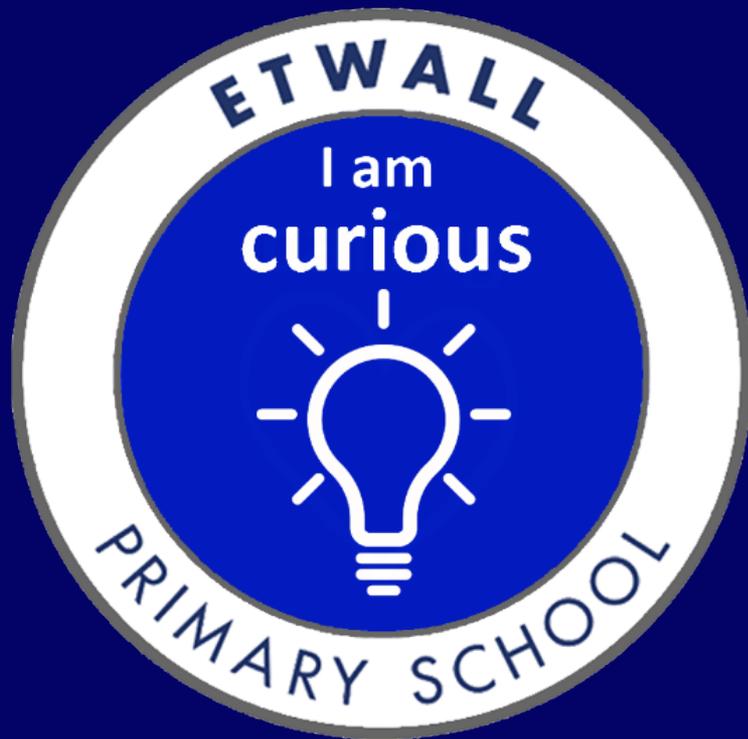

Our Mission: To provide an educational experience of the highest quality

We achieve this by:

- **Teaching a varied and engaging curriculum which combines excellence in teaching with enjoyment of learning** so that children are equipped with the knowledge and skills to succeed
- **Providing a welcoming and inclusive environment, ensuring equality of opportunity** so that children value and appreciate difference
- **Delivering a wide and rich set of experiences** so that all children have the cultural capital necessary for their future as educated citizens
- **Encouraging and enabling the continuous professional development of all staff** so that all children achieve their potential through excellent teaching and learning
- **Welcoming and encouraging interest and participation from families, governors and the local community** so that strong collaborative partnerships are established
- **Nurturing respect for social, moral, spiritual and cultural development** so that pupils become confident and responsible members of society with respect for British Values

I am caring towards other people, recognising and respecting differences and treating others fairly and equally. I care for myself by looking after my body and my mind and I care for the world in which I live.

I am curious, inquisitive
and love learning new
things inside and outside
of the classroom.

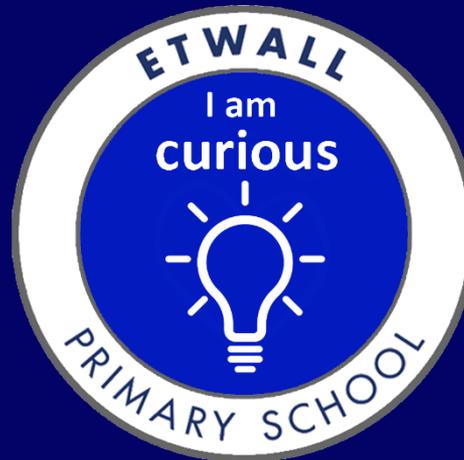

I am ambitious and determined to do my best. I enjoy trying to do better and try, try again until I succeed.

Our values and our school rules work together to positively impact on our school ethos and culture.

Our vision is that each child at Etwall Primary School will know the wonder and excitement of opening doors to new experiences. They will develop the skills and knowledge to make the most of each new opportunity and have the confidence to seek their own adventures as caring, curious and ambitious individuals.
